The Good Jew?

People miss the point like most who want to argue this subject......

What does it mean to be a Jew, and thus to identify oneself as Jewish?

Shall we open the Talmud and Torah for you to read and discover this for yourself.

Here one of the Jewish leaders will inform us what it means to be Jewish.....Everything he stated is right in the Talmud and Torah this is nothing of his own creation. He is repeating the core meaning of total Jewish identity from the holy texts of Judaism, taught to him as a child sitting on his Rabbi's knee.

"Our race is the Master Race. We are divine gods on this planet. We are as different from the inferior races as they are from insects. In fact, compared to our race, other races are beasts and animals, cattle at best. Other races are considered as human excrement. Our destiny is to rule over the inferior races. Our earthly kingdom will be ruled by our leader with a rod of iron. The masses will lick our feet and serve us as our slaves."

That is what the Jewish ideology is so that is what it means to be Jewish. Do you think that is good? If not, then by your admission there cannot be a good Jew.
